## **BOARD OF ADVISORS**

March 6, 2005

### **Rebecca Cude'**

Founder and Director

Ms. Cude' has 18 years experience in non-profit Social Work, in both management and service-oriented positions. She has been successful in organizing coalitions then guiding them until their specific goals were achieved, she has successful grant writing experience, grant reporting, supervisory experience, fund raising, fiscal accounting, etc. Ms. Cude' founded STOP-OP after her niece, Danielle Blair, was abducted by someone she met over the Internet. Ms. Cude' has also written Danielle's story into a movie titled "Code Prey" and is the driving source of passion to stop on line predators.

### **Cynthia Nelson**

Assistant Director

Ms. Nelson is located in the same town that STOP-OP will operate out of. She brings to the board an Associates Degree in Business Management along with numerous years of successful business management in both the profit and non profit sector.

### **Shannon Smith**

Marketing

Mr. Smith has a bachelor's degree in English and Journalism. However, opportunity lead Mr. Smith to spend the last twenty years of his career in business. Subsequently, he strengthens the STOP-OP Board of Advisors through his ability to maintain affective marketing strategies and business advice to provide STOP-OP with sustainability.

**Herb Kateley**

Technology & Data Administrator

Mr. Kateley has a 20 plus year background in high technology. He has worked as an Programmer, Software engineer, and a Consultant in the area of software evaluation and testing. He brings to STOP-OP the ability to screen and score the effectiveness of prevention tools that are designed to assist with the technology aspect of preventing predators from successfully using communications technology to locate and abuse their prey. He also has skills in the areas of web and database design. Mr Kateley will focus on the tools that can used to make our children more secure.

**Sam Arthur**

Technology Advisor

Mr. Arthur brings to the STOP-OP Board of Advisors a degree in Computer Engineering along with over 20 years of experience. Mr. Arthur is also the uncle of Danielle Blair and shares Ms. Cude's passion in stopping on line predators. He empowers the STOP-OP Board of Advisors with knowledge on software design and available programs.

**Vickie Bills**

Child Spokesperson

Ms. Bills is a survivor of child abuse, sexual molestation, and domestic violence. She shares the passion to stop sexual predators due to her personal history and trauma. Ms. Bills has proven herself invaluable to STOP-OP's Board of Advisors when they were researching profile information on child molesters. She will continue to empower the board with her vision from a survivor's eyes.
